PARTS LIST FOR MODELS

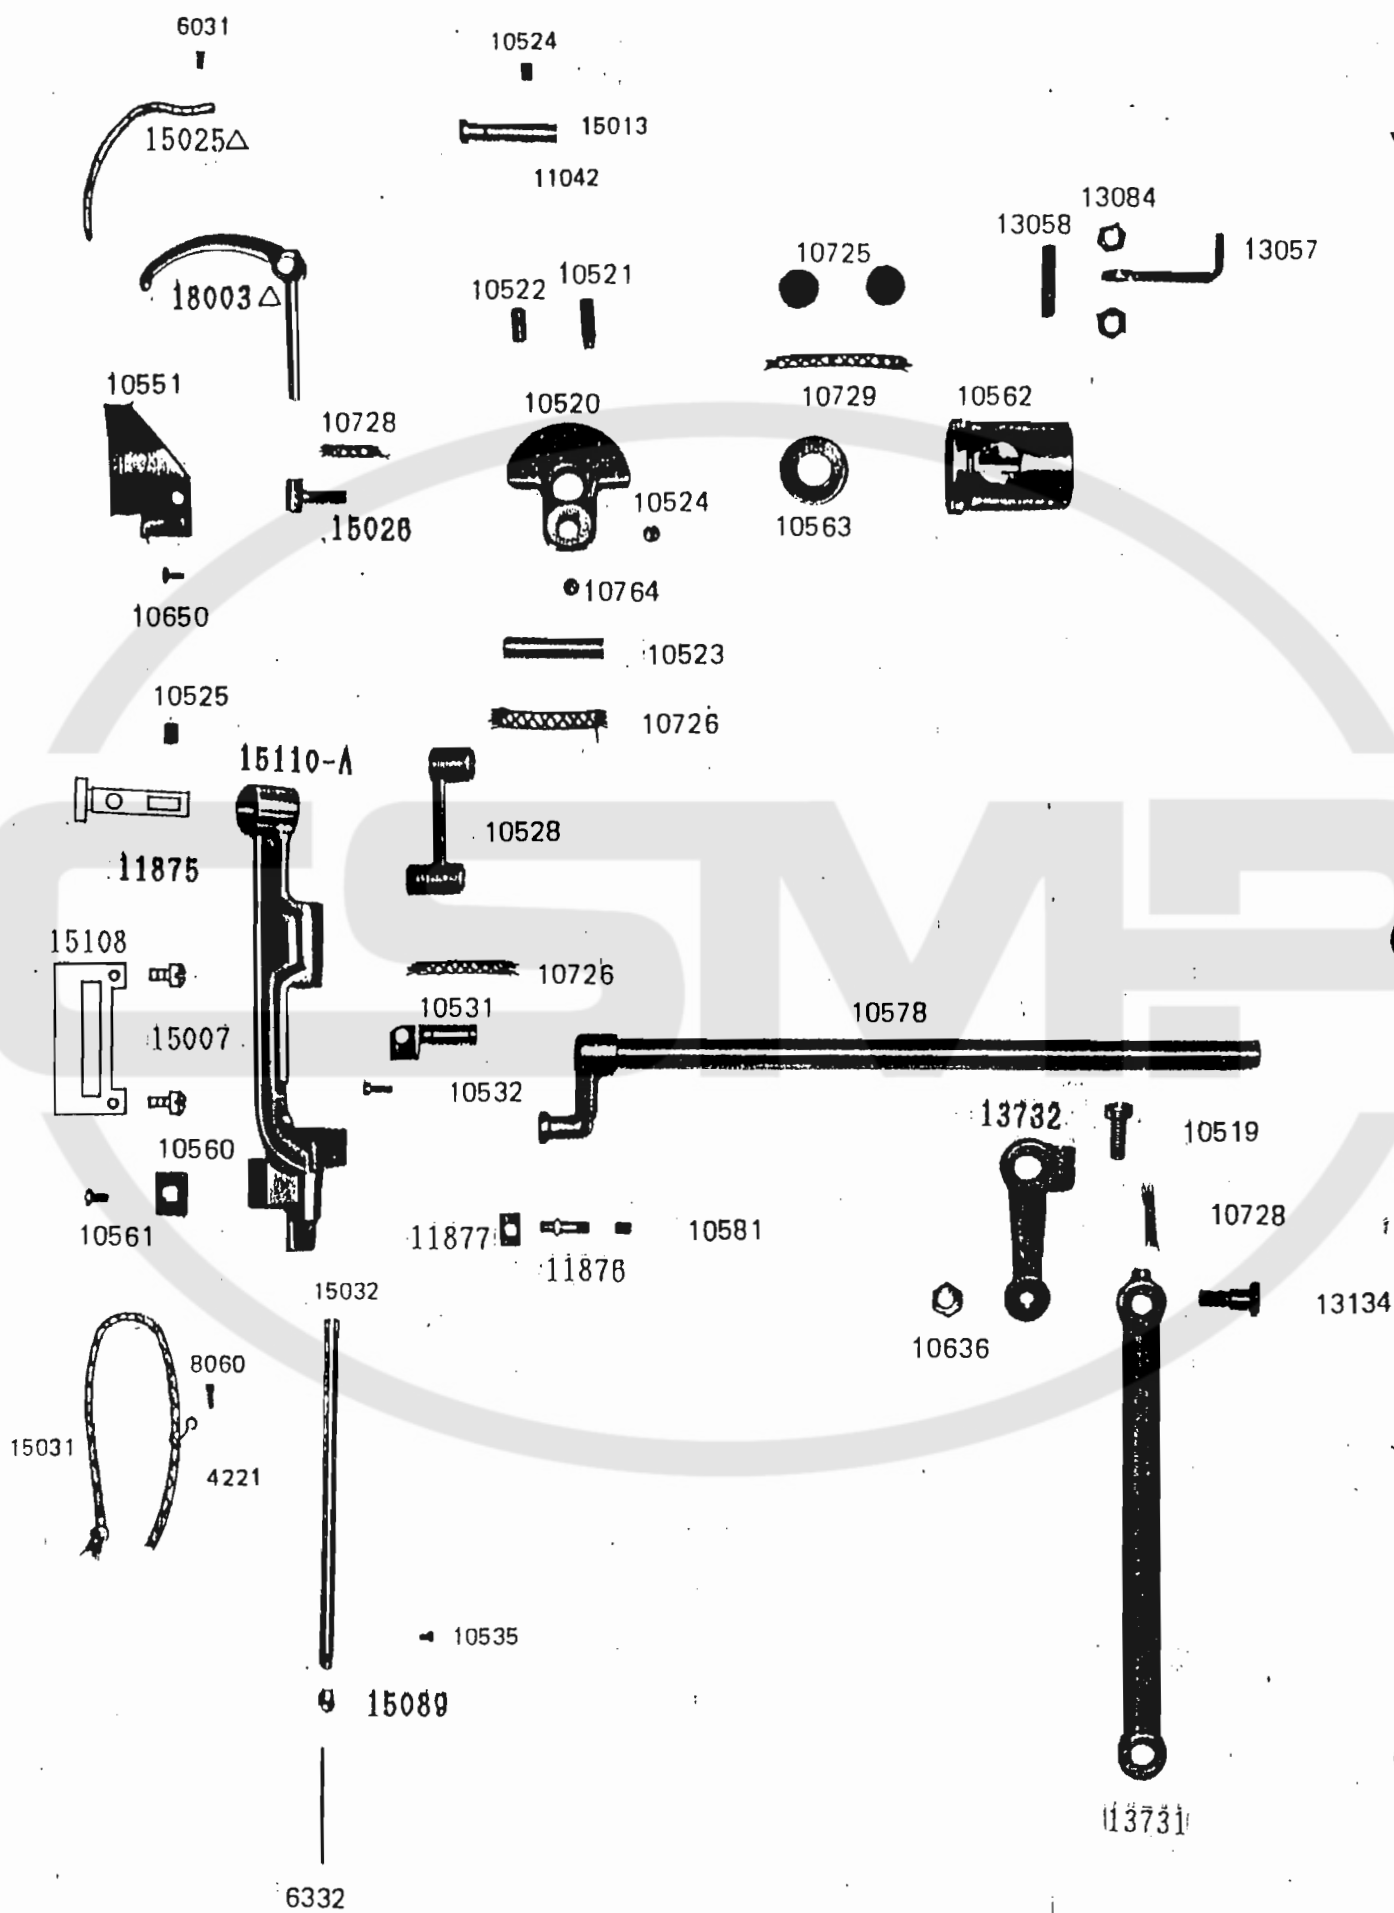

LCW-8BL LCW-8BL-1
LCW-8BLV LCW-8BLV-1

SEIKO SEWING MACHINE CO., LTD

I N D E X

Thread take up lever,needle bar for all models.	1
Lifting lever, slide plate for all models	2
Thread tension,feed driving rock shaft, feeder, needle plate for all models	3
Presser bar,lifting rock shaft, vibrating presser foot for all models	4
Hook driving shaft,rotating hook, timing belt for all models	5
Reverse stitch mechanism for all models	6
Special parts for LCW-8BLV.	7
Face plate,oil regulation for all models.	8
Belt guard.	9
Accessories	10
Feed mechanism for LCW-8BL-1.	12
Feed mechanism for LCW-8BLV-1	13

Exploded view diagram of a mechanical assembly. The components are labeled with numbers:

- 13832: Top flange or cover plate.
- 13714: A small cylindrical pin or spacer.
- 13712: A larger cylindrical component, possibly a bush or sleeve.
- 13831: A central cylindrical component with two circular openings.
- 13037: A base plate or housing with a rectangular cutout.
- 13836: Two threaded rods or bolts, one on each side.
- 13036: Two hexagonal nuts, one for each threaded rod.
- 10650: A small screw or fastener on the right side.
